KOMZAK TO DIRECT AT FESTIVAL HALL TO-DAY.

Karl Komzak will direct a program to-day at 4 p. m. in Festival Hall, when the Exposition Orchestra appears under his leadership. The talented Vienness never falls to arouse enthusiasm. His music is of the kind which appeals to the masses as well as the classes. For the opening number, the favorite overture from "William Tell" sets the pace. Kom-zak offers his own waltz. "Secessions," the rhapsodie in F minor by Liszt, and a suite introducing a folk song by Komzak and "Loin du Bal" by E. Gillet, for strings only. The programme will close with some sprightly Ofienbach music and Biset's ballet music from "Sylvia." The 11:20 2. m. organ recital is by Richard Kreiser of Kansas City. It incudes a wedding mass en suite by Dubois; andante cantabile from the fourth organ symphony by Widor; a tender lamentation by Guilmant, and other inviting numbers. The next recital will begin at 7:30 p. m. N. 3. Corey is the organist. Mr. Corey opens his programme with a prelude in E flat by Bach. Guilmant, Saint-Saens, Kroeger and Grison are the composers whose music will be presented. the rhapsodie in F minor by Liezt, and a

Know the Value of Pyramid Pile

"Gratitude alone prompts me to testify to the efficacy of Pyramid Pile Cure. Last March I bought a dollar package at the drug store, which cured me of bleeding piles, and I was a sufferer from them for eight years; but I had not been troubled with them since until last September, when I gave birth to a haby girl, and after that I had a very severe case of protruding piles, which a trained nurse said was the worst case she ever saw, and my doctor told me to get Pyramid Pile Cure again, which I did and was completely cured in three days. I have not had piles of any kind since, and it is all owing to this wonderful remedy. My nurse took a box, which I was glad to be able to give her, for I know she will be able to give her, for I know she will be able to help lots of suffering people whom I could never see or know.

"I recommend 'Pyramids' wherever I know of anyone suffering as I did. It gives me great pleasure to be able to say I am entirely cured, which my doctor says is true. I say God bless Pyramid Pile Cure. From a former great sufferer. Mra. F. Ancott. 126, Unity street, Frankford, Philadelphia, Pa.

This remedy, which is sold by druggists generally, in 50-cent and 51 packages, is in a suppository form, is applied directly to the parts affected and performs its work quietly and painlessly. Its value is evidenced by the testimony given above, and we urge all sufferers to buy a package now and give it a trial to-night. Accept no substitutes, and remember that there is no remedy "just as good." A little book on the cause and cure of piles is published by the Pyramid Drug Co., Marshall, Mich., and will be sent free to any address.

After looking everywhere, Roubedeaux, the Indian interpreter, in passing the Wichita Mud Lodge, decided to look into it, and was much surprised to find the four little Africans coddled up in a heap, each using the other's body for a pillow, and sleeping as soundly as if they were in their own camp.

A smouldering fire gave evidence that they had gone in and made themselves comfertable. As no danger could befall them Roubedeaux decided not to disturb their slumbers and reported to Doctor Simms that the missing boys were safe and sound.

NATIONAL COMMISSION WILL MEET.

bitration Held in Abeyance. Until the meeting of the National Comnissien to-morrow, no decision will be reached relative to calling a meeting of the Board of Arbitration to settle the mooted question of approving the awards of the Superior Jury. Senator Thurston and John M. Allen, the members of the Beard for the commission, are in the city and have been conferring for several days

and have been conferring for several days past about the matter.

Some doubt seems to exist as to the manner of getting the arbitrators together and as there never has been a meeting of the board there is no precedent to go by. The Exposition takes the ground that it will not call a meeting of the board, as it "has nothing to arbitrate," and the commission seems to hesitate about it.

COULDN'T STAND TWO STATE DINNERS IN SUCCESSION.

ciation Postponed Their Function Scheduled for To-Morrow Night.

Fearing the consequences of two state dinners two successive evenings, the nembers of the Executive Commissioners' Association at the World's Fair have post poned the function which was to have been given by them in the New York State building to-morrow evening to a date to be decided upon later. Invitations had been issued by the Con

missioners for the dinner to-morrow even ing, but yesterday Hal H. Smith, chairman of the Entertainment Committee, recalled them. The Commissioners will give the dinner before the Exposition clos the dinner before the Exposition closes.

All the Executive Commissioners have been invited to attend the dinner to be given by the hostesses in the Missouri building at the World's Fair Thursday evening, and this was given as the reason for the Commissioners postponing their dinner. Besides Mr. Smith, the Entertainment Committee is composed of Charles M. Reeves, Chief of the Bureau of Domestic Exploitation; George N. Kingsbury of Rhode Island, Grant Thomas of Wisconsin, and James A. Yerington of Nevada.

Wisconsin, and James A. Terington of Nevada.

When the matter of postponement of the dinner was discussed by the Commissioners, the general sentiment was that two such functions, one the next day after the other, were too much of an exemplication of the strenuous life in society, and they felt that they would not be able to enjoy the second function if it came too close after the first.
